

**Summer 2025: Youth Development Programming RFP
Q&A**

1. I am applying for funding for the Summer Youth Development Opportunities grant opportunity. I have a fiscal sponsor and I have a few questions about the application process.
 - a. Whose information do I use for the Organization Name, Mission and Budget?
The application should be in your organization's name and all narrative responses should coincide with your organization. There is space at the beginning of the application to name the Fiscal Sponsor and provide its contact information.
 - b. Should I put Holistic Wellness and Health in the Also Known As?
If there is a main organizational name and it is "doing business as" another organization, please indicate that in your application. Should you be awarded a grant, both names will have to be listed in the contract for it to be valid.
 - c. General Fiscal Agent/Sponsor Guidance
You will also need to submit a Fiscal Agent/Sponsor Addendum (available for download inside the application). And, the Certificate of Good Standing and Audited Financials should be for the Fiscal Sponsor.

2. What financial documents are required for the application?
For funding requests under \$50,000, a Form 990 dated within the past 12 months is required. For funding requests of \$50,000 or more, Audited Financial statements dated within the past 12 months are required.
